GYULSHEN ABAZ

```csharp
namespace ProgrammerApp
{
    class Programmer
    {
        public string Name { get; private set; }
        public string DateOfBirth { get; private set; }
        public string Address { get; private set; }
        public string PhoneNumber { get; private set; }

        public string Email { get; private set; }
        public bool? Hired { get; private set; }

        public Programmer()
        {
            this.Name = "Gyulshen Ayhan Abaz";
            this.DateOfBirth = "25/08/2001";
            this.Address = "Nova mahala, Batak, Pazardzhik,
Bulgaria";

            this.PhoneNumber = "+359 88 5356 165";
            this.Email = "gulshenabazz@gmail.com";
            this.Hired = null;
        }
    }
```

ABOUT ME

I WAS ALWAYS FASCINATED BY HOW COMPUTERS WORK AND HOW CHALLENGING THE MODERN COMPUTER PROGRAMMING LANGUAGES CAN BE.
WHEN I WAS 15, I GOT INTRODUCED TO THE WONDERFUL WORLD OF PROGRAMMING.
THE I.T EDUCATION IN BULGARIA, ESPECIALLY IN SMALL VILLAGES LIKE MINE, ARE LIMITED AND I TOOK THE MATTERS INTO MY OWN HANDS. I STARTED LEARNING ALONE AND I AM PRETTY MUCH SELF-TAUGHT.
I WANT TO CHALLENGE MYSELF AND TRY DIFFERENT THINGS.

 gyulshenabaz

SKILLS

• GOOD KNOWLEDGE OF OOP AND ANY OF THE FOLLOWING PROGRAMMING LANGUAGES AND TECHNOLOGIES: C# / .NET

• GOOD KNOWLEDGE OF DATA STRUCTURES, ALGORITHMS, DESIGN PATTERNS.

• EXCELLENT COMMAND OF ENGLISH, BULGARIAN AND TURKISH. (ENGLISH – C1)

• WILLINGNESS TO INNOVATE, LEARN AND SHARE KNOWLEDGE.

WORK EXPERIENCE

.NET Intern
Programista | July 2019 - September 2019

- 3 months of internship
- Created functional and technical applications using ASP.NET Core

Translator
Freelance | Jan 2015 - Ongoing

- Translation of English texts
- Translation of Turkish texts

EDUCATIONAL HISTORY

Plovdiv university - Software Engineering
Bachelor degree | Sept 2020 - Ongoing

National campaign "IT career"
Professional qualification - "Programmer" | Oct 2017 - June 2020

- IT course organized by the Government of education
- This national campaign aims to provide vocational education for those interested in programming. (Lessons in C#)

High school "Kiril i Metodiy"
High school degree | Sept 2008 - June 2020
